

EXPERIENCE ABSOLUTE COMFORT IN EVERY DRIVE WITH AIS IR + UV SHIELD GLASS

AIS IR + UV Shield Glass
(Dark Green Glass)

Standard Green
Glass

The harsh rays of the sun not only drain out the pleasure of driving, but also compromise the safety of you and your car. With the IR (Infrared) + UV (Ultraviolet) Shield by AIS Auto Glass, experience safety, efficiency, style and comfort in every drive.

-  Ensures better comfort inside the car cabin
-  Protects your skin from harmful diseases by ensuring less permissibility of UV rays inside the car cabin
-  Enhances the life of car interiors due to less UV rays inside the car cabin
-  Reduces the load on air conditioning by enabling cooler interiors
-  Improves fuel economy
-  Reduces carbon footprint
-  Meets Visual Light Transmission norms of greater than 50% as per Central Motor Vehicle Regulations*
-  Best alternative to car films for the Indian market

*As per ARAI certification IS 2553.
