The green standard in glass

EMPOWERING EFFICIENCY, DELIVERING EXCELLENCE.

AIS – ENABLING A FUTURE TO SEE MORE

Asahi India Glass Ltd. (AIS) is India's leading integrated glass and window solutions company and a dominant player both in the automotive and architectural glass segments. It commands a majority share of more than 45% in the architectural value-added glass segment and over 74% share in the Indian passenger car glass segment. Started in 1987, AIS' footprint today spans the entire spectrum of the automotive and architectural glass value chains.

AIS Ecosense is a next-gen, high-performance glass from AIS that has been developed specifically for Indian climatic conditions. This product is a perfect example of AIS' strength of being innovative in product development and an industry pioneer. We, at AIS, believe in providing an ideal solution with the aim of achieving customer delight.

AIS caters to customers in domestic as well as international markets.

AIS PROVIDES CUSTOMISED PRODUCTS WITH END-TO-END SOLUTIONS

Glass for exteriors requires a lot of consideration of different factors which impact glazing solutions. Hence, through 4G Solutions, we enable our customers to select the right product as per their requirements. In the 4G Solutions, we provide:

4G SOLUTIONS

Glass Products

A wide range of high-performance products which include features that enable optical comfort, thermal comfort, safety, indoor environmental quality, and aesthetics.

Glass Selection

Help customers throughout the glass selection process with the help of advanced in-house technical services which cover simulation for energy and lighting to get ROI, wind-load, acoustic, etc.

Glass Processing

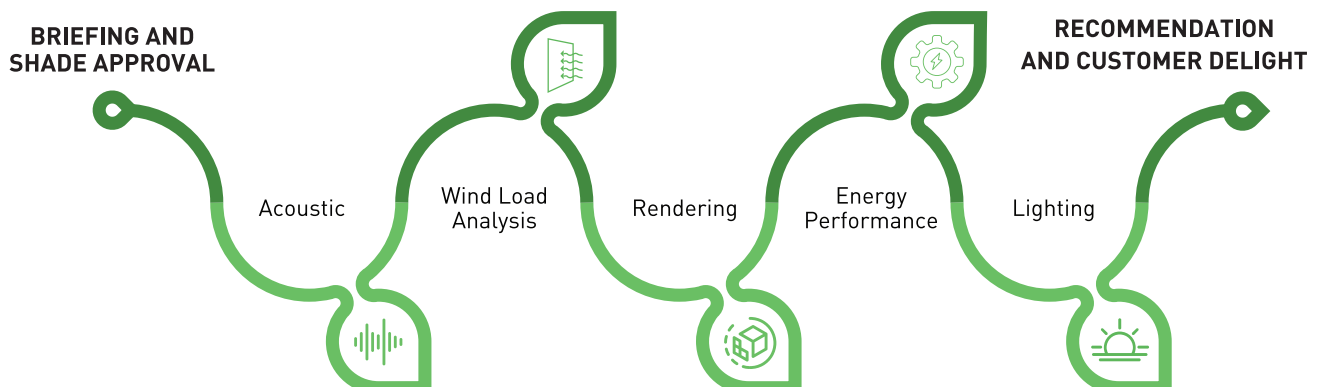

We provide all kinds of glass processing as per application requirements.

Glass Integration

Through AIS' 4G Solutions, we provide 360-degree guidance – integrating the whole glass selection process – from the right product to the right process, thus helping select the right glazing solution.

360-DEGREE GLASS SOLUTIONS FOR COMPLETE CUSTOMER DELIGHT

THE GREEN STANDARD IN GLASS

Designed and developed indigenously keeping in mind India's unique climatic conditions, the AIS Ecosense range of high-performance, energy-efficient products provides the right blend of energy-efficiency, visual comfort, thermal control and aesthetics. A natural choice for eco-friendly architecture that balances the outdoors and the interiors, aesthetics and economics, AIS Ecosense can be used for exterior facades as structural glazing or windows.

THE AIS ECOSENSE RANGE

Shades available

- **Neutral Series:**
Nimbus, Spring, Aura, Nectar, Dawn, Ivory, Snow, Solaris
- **Blue Series:**
Sky, Oasis, Oceanic Blue Plus
- **Green Series:**
Eco, Zest, Fern
- **Gold**

AIS Ecosense Enhance

A solar-control glazing solution that lets you stay close to nature, AIS Ecosense Enhance is ideal for tropical nations like India where cooling needs outweigh heating requirements.

Benefits

- Significantly reduces direct solar radiation
- Enhances energy efficiency
- Increases daylight
- Reduces electricity bills

AIS Ecosense Exceed

A perfect balance of solar control and low emissivity properties, the AIS Ecosense Exceed range combines both energy efficiency and aesthetics to deliver on glazing requirements and can only be used in an IGU*.

Benefits

- Spectrally selective glass
- Excellent for use in spaces with high WWR*
- Ideal for the green building concept

Shades available

- **Neutral Series:**
Clear Lite Plus, Clear Radiance, Clear Vision Plus, Clear Brook Plus, Clear Priva, Clear Comfort, Clear Platina
- **Blue Series:**
Tropic Blue, Electric Blue, Blue Berry Plus
- **Gold Series:** Aurelia

* Insulated Glass Unit * Window Wall Ratio

Shades available

- Neutral Series:
Clear Essence Plus

AIS Ecosense Essence

A modern, low-e glass product that can only be used in an IGU*, AIS Ecosense Essence helps with the insulation of the building helping achieve energy efficiency.

Benefits

- Provides enhanced thermal insulation
- Allows better visible light transmission
- Suitable for colder climates

AIS Ecosense Edge

Developed for use in single-glazing applications, AIS Ecosense Edge is a solar control glass product that provides excellent thermal insulation.

Benefits

- Aids in increased energy savings
- Increases environmental benefits through solar and thermal insulation
- Suitable for green and sustainable homes
- High-performance glass that reduces direct and indirect heat

Shades available

- Neutral Series:
Natura,
Natura Plus,
Natura Advantage

* Insulated Glass Unit

* The calculation of VLT (Visible Light Transmission) and SF (Solar Factor) / SC (Shading Coefficient) is in accordance with ISO 9050.

* The calculation of the U-value is in accordance with EN 673.

* Parameters value tolerance in accordance with EN 1096

OTHER OFFERINGS FROM AIS

Usage

- Shopfronts
- Partitions
- Doors
- Shelves
- Furniture
- Windows

AIS Clear Float Glass

Give facades a clean and modern look.

Benefits

- Distortion free
- Sparkling surface
- Clarity in vision

AIS Tinted Glass

Blocks the sun's heat, allowing the room to remain cool.

Benefits

- Absorbs 30% to 45% of solar heat
- Enhances the aesthetic appearance of buildings
- Protects against glare

Usage

- Partitions
- Doors
- Shelves
- Furniture
- Windows

Shades available

Dark Grey, Green, Bronze,
Dark Blue, Royal Blue,
Cool Green, Aqua Blue

Usage

- Bedrooms & bathrooms
- Shops & showrooms
- Hotel lobbies
- Furniture
- Clinics & hospitals

Shades available

- Clear
- Tinted: Bronze, Grey

AIS Mirror

New-generation, environment-friendly copper-and lead-free mirrors that are available in clear as well as in bronze and grey-tinted shades. It is manufactured using Belgian technology from Glaverbel.

Benefits

- Distortion free
- Environment-friendly
- Durable
- Ideal in hot and humid environment

AIS Opal

Economical range of energy-efficient solar control glass that provides value for money.

Benefits

- Durable coating with anti-fade properties
- 10-year Warranty
- Available in thicknesses of 3.5 mm, 4 mm and 5 mm in various sizes

Usage

- Facades
- Windows

Shades available

Royal Blue, Aqua Blue,
Cool Green, White Gold,
Pearl Grey, Golden Bronze

OTHER OFFERINGS FROM AIS

Usage

- Partitions
- Doors
- Cabinet doors
- Tabletops
- Kitchens and bathrooms
- Writing boards

Shades available

- 30+ vibrant and exciting shades

AIS Décor

AIS Décor is a back-painted, lacquered durable interior glass that has a unique and coloured opaque appearance. Easy to use and maintain, it is manufactured using special high-quality paint on one side and oven-cured through a unique process and is available in 4mm, 5mm and 6mm thicknesses.

Benefits

- Processing: Can be cut, drilled, ground, beveled, edge-finished, or polished
- Heat-resistant up to 80°C. (Slight fading of colour with prolonged exposure to high temperatures)
- Moisture-resistant for use in bathrooms and kitchens (Avoid regular contact with water)

AIS Stronglas™

A high-grade tempered glass that is significantly stronger than ordinary glass. It goes through a toughening process, which makes the glass invulnerable to tensile stresses.

Benefits

- Lowers the risk of impact related breakage
- 4-5 times stronger than annealed glass
- The glass can withstand heat of up to 300° C hence there is no danger of the glass breaking due to thermal stress
- Even in the unlikely case of breakage, the glass breaks into small tiny particles, causing no or minimal damage

Usage

- Tabletops
- Shelves
- Facades
- Shower enclosures
- Partitions
- Canopies
- Railings

Benefits

- Provides level 2 and level 3 protection from burglar attacks
- Eliminates the need for grills or shutters, without compromising on safety
- In the unlikely event of breakage, the PVB interlayer acts as an extra layer of protection
- Effectively reduces sound for better acoustic performance

Usage

- Windows • Canopies • Domes
- Skylights • Glass lifts • Facades
- Partitions • Shopfronts

AIS Securityglas™

A specially toughened, laminated safety glass that provides greater impact-resistance and strength. It is manufactured with a specialised PVB interlayer between two sheets of glass, and this combination of layers provides a high level of intrusion resistance.

AIS Securityplus

Reinforced by a layer of DuPont SentryGlas®, AIS Securityplus is up to five times stronger than conventional laminated glass. The special interlayer increases the tolerance to greater loads while enabling a design of aesthetically pleasing and complex elements.

Benefits

- Enhanced strength eliminates the need for grills
- Requires minimal structural support
- Retains clarity, even after years of use
- Superior noise reduction for better acoustics

Usage

- Stairways
- Hurricane-resistant windows & doors
- Explosion-resistant windows, doors & facades

OTHER OFFERINGS FROM AIS

Benefits

- Works with an electric switch or a remote-control device
- Works in temperatures ranging from 10° to 50° C
- Blocks up to 50% light in 'Off' mode
- The interlayer behaves like a security film
- Its acoustic properties help dampen outside noise
- Low power consumption

Usage

- Windows
- Partitions

AIS Swytchglas

A revolutionary smart glass whose cutting-edge technology enables you to control its transparency, and make transparent glass translucent – to enable better privacy – with the click of a button.

AIS Pyrobel

AIS Pyrobel is a high-end, fire-resistant glass range, specially engineered to withstand extreme levels of heat, restrict heat transfer and prevent smoke and flames from spreading.

It is a multi-laminated glass assembled with clear intumescent interlayers. In case of fire, these interlayers expand at around 120° C and transform into a rigid and opaque shield.

Benefits

- Provides safety against fire, heat and smoke for extended periods
- Protection against radiation and conductive heat transfer
- Double-sided fire-resistant glass, provides protection on both sides

Usage

- Partitions
- Fully glazed fire doors
- Windows
- Data storage and server room enclosures

Usage

- Partitions
- Writing boards
- Doors for cabinets
- Bathroom windows
- Various interior decorative applications

Shades available

- Clear, Green, Blue and Bronze
(Available in a variety of patterns)

AIS Krystal

AIS Krystal is a frosted glass, which admits light and at the same time obscures the view. It offers quality excellence owing to its superior glass manufacturing techniques.

Benefits

- Ensures privacy and aesthetic appeal
- It has a distinctive matte finish that enhances the aesthetic appeal of the surroundings
- Available in a wide range of colours and patterns

AIS Windows

AIS Windows offers a comprehensive range of fenestration products in uPVC and aluminium substrates. Available in a range of customisable options, AIS Windows are designed for use in both residential and commercial spaces.

AIS Windows enriches lifestyles through enhanced aesthetics while also offering varied solutions in acoustic comfort, privacy, energy-efficiency, anti-pollution, water seepage and security. It is a one-stop-solution for all your doors and windows needs.

Benefits

- Dust protection
- Energy-efficiency
- Acoustics
- Privacy solution
- Prevents water seepage
- Safety and security solutions
